LinkedIn | GitHub | Medium

Executive Summary

Third-year IT undergraduate and aspiring Software Engineer with hands-on experience in Java, JavaScript, TypeScript, Python, and C. Knowledgeable in OOP, SOLID principles, RESTful APIs, Git, CI/CD pipelines, AWS cloud technologies, and full-stack development. A motivated problem solver seeking a Software Engineering Internship to apply technical skills, gain industry experience, and contribute to impactful software projects.

Education

Bachelor of Science Honours in Information Technology **March 2024 – March 2028**
University Of Moratuwa.

- CGPA: 3.26 / 4.00

Zahira College – Colombo-10
G.C.E. Advanced Level **2022**

- Z-score: 1.78 (Biological Science)

Zahira Maha Vidyalaya – Weligama **2017**
G.C.E. Ordinary Level

- Achieved 9 A passes in the G.C.E. Ordinary Level Examination (2017)

Technical Skills

Programming Languages: JavaScript, TypeScript, php, Java, C, Python
Front-End: React.js, Next.js, Tailwind CSS
Back-End: Express.js, Node.js, Spring Boot
Database: MySQL, MSSQL, MongoDB, PostgreSQL
Version-Control: Git
Containerization: Docker

Key Projects

Auto Matrix – Second Year Software Project [GitHub]

- Developed AutoMatrix, a full-stack multi-vendor e-commerce marketplace for automobile parts with a vehicle fitment compatibility engine. The platform enables vendors to manage storefronts and inventory while allowing customers to find parts compatible with their specific vehicles.
- My Role: Developed seller authentication and authorization, seller dashboard, product image uploading, and inventory management features for a multi-vendor e-commerce platform
- Technologies: React, Node.js, Express.js, TypeScript, Tailwind CSS, REST API, MongoDB, Docker, GitHub

Social Media Post Automation Platform – Individual Project [GitHub]

- Developing a full-stack MERN web application that enables users to create and schedule posts across multiple social media accounts for specific dates and times. The platform includes post creation, social account selection, scheduling management, and an intuitive responsive interface, with backend services and database integration supporting the application.
- Independently responsible for the end-to-end development of the application.
- Technologies: React, Node.js, Express.js, TypeScript, Tailwind CSS, REST API, MongoDB, GitHub.

Green Cart – Grocery E-Commerce Platform | Individual Project

- Developed the complete backend of a MERN-stack grocery e-commerce platform, designing and implementing RESTful APIs for core functionalities including product, user, order, and inventory management. Implemented **JWT-based authentication and authorization**, backend business logic, database models, and MongoDB integration to provide a secure and structured backend architecture.
- Independently developed the complete backend, including API development, authentication and authorization, database design, business logic, and backend–database integration.
- Technologies: Node.js, Express.js, MongoDB, Mongoose, JavaScript, JWT, REST API, Git/GitHub

SEO Rank Tracker – Full-Stack MERN Application | Individual Project

- Developed a complete SEO rank tracking web application using the MERN stack that enables users to track keyword rankings, analyze website SEO performance, and identify competitor websites based on targeted keywords. The platform also provides additional SEO analysis and tracking features through a responsive web interface and RESTful backend services.
- My Role: Developed the complete backend, including REST APIs, SEO tracking, database integration, and Docker containerization.
- Technologies: React, Node.js, Express.js, MongoDB, REST API, Docker, Git/GitHub

Achievements and Certifications

- **Octwave 2.0 – IEEE, University of Moratuwa — Top 8 Finalist**
- **Full Stack Web Development Bootcamp — Udemy**
- **GitLab CI/CD: Pipelines, CI/CD and DevOps for Beginners — Udemy *(In Progress)***
- **AWS Certified Cloud Practitioner (CLF-C02) Course — Udemy *(In Progress)***
- **Python for Beginners — University of Moratuwa**
- **Web Design for Beginners — University of Moratuwa**

Leadership and Volunteering

- Customer Relationship Panelist — AIESEC
- Member – Rotaract Club of University of Moratuwa
